Big Corporation Useful They Drink and Tell On Crime's Highway Russia Says Shut Up

BY ARTHUR BRISBANE

The announcement is made by the General Electric Co. of a device which will transport electric power over distances at slight expense, a so-called "thrifter," described as a modified power vacuum tube, which will power transmission lines.

The day science will "hook up" the world's great power stations of Niagara, those in the Columbia mountains, on the Columbia river, with other great stations in Africa and all over the world, the thrifter is now hooked up.

The thrifter will come wireless transmission power, so that airplanes will be able to "pick up power" at various points in their journey, instead of carrying tons of fuel.

The research work done by such inventors as General Electric, United States Steel, Westinghouse, Standard Oil, will give back to the public the increased prosperity a hundred fold for every one that those big corporations have ever received.

"BIG BUSINESS MAN," Mr. Murphy, elected to congress from New York, says he doesn't know any business man that doesn't drink. He himself, drinks.

A committee in New York's big business club, including the president of Columbia college, demands a prohibition. They say, in substance, "We all drink, why not say so?"

When you have a law and a congressional amendment openly flout it, the power of the law is in the gutter. There is something wrong with the law, or something wrong with the power of men.

This country is traveling rapidly on the road that leads to a more organized crime and complete anarchy for law.

A United States grand jury reports that officials supposed to suppress the sale of drugs are organized in a "trust" basis, misrepresenting their activities to get more money from the government.

Some of them are alleged to be cocaine addicts. The charge is made by the big men in the business and for their way out, if they get it.

In the seven months past criminals and others have purchased three times as many pistols as were sold in the 12 months of 1928.

The American-Jewish Congress yesterday joined with the Pope, British bishops of the Anglican church and others demanding that Russia cease persecuting religion.

The United States government is reported to take a hand and tell Russia what to do.

The last time we told Russia what to do, in connection with events in China, Russia told us to mind our business. And apparently we did.

Russia, in this case, would rebuke us that we have no official religion in the United States, and while it seems to us to tolerate all religions, it is no concern of ours what Russia does about her religions.

WALL STREET was not so cheerful yesterday, with a "reactionary" movement toward the close.

The expert says "Prices are coming back to peak." Try for it, if you can, but don't bet on it.

Another expert says that in nine years from the end of 1920 to the end of 1929, stocks were going up 60 per cent of the time, and going down 34 per cent.

The difficulty is to pick out the time when they are going up.

A wise plan is to find out what a stock represents, what the property is worth and how many shares are issued.

Don't impulsively arranged promotion scheme issued more than sixty million shares. If you bought one share you owned less than one sixtieth part of the combination.

It is like taking apart the molecular structure, separating the hydrogen and oxygen atoms, dividing up atoms, and using the electrons and nuclei as separate shares.

GERMANY continues airplane development, the government interested itself in flying, in spite of restrictions created by the Versailles treaty.

Captain Boykov produces an "automatic pilot" enabling the human pilot to leave his seat for half an hour at a time. In fatter or stormy weather, when regular air traffic is stopped, the automatic pilot drives the plane in a straight line or in curves, without, with great accuracy.

Postmaster General Brown, who has done a great deal to encourage aviation, will be interested in the new plane.

It has been the great danger for small and commercial pilots.

FORMER ROAD HEAD INDICTED AT BUCYRUS

J. C. Reiff of Crawford County Accused of Padding State Highway Payrolls

EXAMINER'S FINDING

Claims Offense Was Committed While Employed as Supervisor

(Special to The Star)

BUCYRUS, Feb. 21.—Charged on 17 counts with padding the payrolls of the State Highway department, J. C. Reiff, former road supervisor, was indicted by the Crawford county grand jury late last night. It is probable he will be arraigned late this afternoon.

The indictment charges Reiff with padding the names of Ezra Stucker and Doyle Brodner, Bucyrus, on his payroll, and with cashing checks made out in their names. It is claimed they were never employed in his department. The Stucker check was for \$215.50 and the Brodner check for \$165.

The irregularities with which Reiff is charged were discovered by State Examiner J. S. Martin, who made a special examination of road maintenance payrolls here several weeks ago. He charged Reiff with padding six payrolls and 11 checks. The discrepancies are alleged to have taken place between August and December last year. Reiff was employed as a foreman with the maintenance and repairs department.

Reiff appeared before common pleas court shortly after noon. His bond was placed at \$1,000. An attempt was being made by Reiff to arrange the bond. It is expected that he will be returned to the courtroom soon to enter a plea.

SECOND APPEAL FOR STAY LOST BY SNOOK

Attorneys To Appear Before Full Court After Justice's Decision

COLUMBUS, Feb. 21.—Dr. James Howard Snook, convicted slayer of Miss Theresa Hix, lost out in another attempt to escape the electric chair on Feb. 25, this afternoon.

One of his attorneys, E. O. Rickert, appeared before Ohio Justice C. T. Marshall of the Ohio supreme court, and argued it would be impossible to present the Snook case to the United States supreme court until four days after the execution date.

Chief Justice Marshall referred the appeal which was made on behalf of Snook, but suggested Rickert might appear before the full court. Rickert announced his intention of doing that next Tuesday, three days before the time set for Snook's death.

TECHNICIAN BEGINS WORK AT HOSPITAL

Miss Grace Anderson Takes Charge of Plans for Pathological Room

Work on a pathological room for Marion City hospital, a room which will do much to make the hospital rank in the list of well equipped institutions of the country, was progressing rapidly this morning, following the arrival of Miss Grace Anderson, of Muskegon, Mich., trained technician, or laboratorian, who will have full charge of the room.

Miss Anderson will meet with the Woman's Board of the hospital this afternoon to begin selection of equipment which will be necessary to equip the room. No equipment has been purchased, and will not be until Miss Anderson advises the board on what is needed.

The pathological room will become an active part of the hospital by April 1, perhaps earlier. Miss Anderson stated this morning. The room will do clinical work which will assist doctors in making a diagnosis.

Miss Anderson this morning asked the cooperation of the public in the support of the room, which is a notable improvement to the local institution, and which is a part of every sizeable hospital. The pathological work like the rest of the service available at the hospital, is being done to better serve the public, she said.

Miss Anderson has been doing laboratory work for the last three years, recently at the Children's Hospital in Detroit.

TEMPLE GUTTED

Fire Does \$50,000 Damage to I. O. O. F. Home at Sandusky

SANDUSKY, Feb. 21.—Fire gutted the Odd Fellows temple here today causing damages estimated at more than \$50,000.

The temple is a two-story building of the two-story Gothic style, built in 1905. It was the headquarters of the Odd Fellows of the city, and was used for social and business purposes.

The fire broke out at about 10:30 p.m. and spread rapidly, gutting the building in less than an hour. The fire department arrived at 11:30 p.m. and worked until 2:30 a.m. to contain the fire.

WOMAN GOES TO HER DEATH ON GALLOWS

Arizona Exacts Supreme Penalty for Murder; Woman Turns Over Blade and Poison Before Execution

FLORENCE, Ariz., Feb. 21.—Eva Duggan went to her death early today in the face of the law, sentenced for a brutal murder of a helpless old man in 1928.

The strapping housekeeper who killed her employer, A. J. Mathis, at his Tucson ranch three years ago, died "like a man" on the gallows, the first woman of whom Arizona has ever exacted the supreme penalty. She died instantly as the noose snapped her head from her body.

Mrs. Duggan's iron nerve supported her during her last night on earth, leading a grim calm to her ragged features.

That she could have cheated the form of death the law decreed was demonstrated when she turned over to her guards early this morning a safety razor blade and bottle presumed to contain poison.

Two women were with Mrs. Duggan in the death cell. Addressing them, the condemned woman asked: "Well, what do you think about it? Would you wait for the rope?" Thereupon Mrs. Duggan delivered the blade and the razor blade.

Mrs. Duggan was awake all night. She appeared in the 50 newspapermen who called at her cell to be standing up very well.

As she started the walk to the execution chamber, supported by a guard walking on either hand, Mrs. Duggan turned to Page 5.

GLASS PLANT SALES LARGE

Reported Far Above Record of Last Year; Will Add Retail Branch

For the first time in its history the Marion Glass Manufacturing Co. will retail its wares for the benefit of Marion residents, according to plans now being worked out by officials of the company.

Announcement that a retail department would be opened at the company's plant on Leander st., just north of Center st., within the near future was made today by George Krantz, president and general manager of the company. Krantz stated today that plans for the retail department were still in the process of completion, but that they would be completed soon.

Previously the company's products have been disposed of on wholesale scale only.

Another report, gratifying to Marion residents, came from officers of the glass company today. Krantz stated that the company's business was usually good and that orders received and goods shipped there far in excess of the same period last year.

The sales force of the company has increased. Krantz credits, at least part of the increase in business to the production of new color schemes and models in glassware which are meeting with popular approval.

The plant is working a full time. Within the next 10 days the company will issue a new catalogue in which all lines produced at the factory here will be illustrated. This is expected to further improve sales. Indications for future business are good, according to Krantz.

EXCITEMENT AT FIRE CLAIMS LIFE OF MAN

Carey Man Falls Down Stairs Leading from Attic After Heart Attack

(Special to The Star)

CAREY, Feb. 21.—Fire that caused damage of less than one dollar today had claimed the life of Joseph Collet, 49, at his home on West Findlay st. here.

Collet was instantly killed when he fell down a flight of stairs leading from the attic of his home where he had discovered a small blaze. Physicians could find no injuries and it is believed that the excitement of the fire caused heart failure. He had been in failing health for a year.

Collet discovered the small fire in the attic at 11:10 o'clock this morning. After calling the fire department he carried a water hose into the attic and extinguished the blaze. He had started down the stairs when he was stricken.

He is survived by the widow and one son, John, three brothers, William of Warren, Nicholas of north of here and Peter of south of Carey; one sister, Mrs. John Stork, of south of Carey; three half brothers, A. G. of Carey, John of Bucyrus and Theodore of near Adrian; and one half sister, Mrs. Laura Good of Tiffin also survive.

He was a member of Our Lady of Consolation church here and the Knights of Ohio lodge.

Funeral arrangements have not been completed.

World Wires Used by AP

150,000 Miles Leased by Organization; 500 Operators and 1,000 Machines in Service

In distributing its news the Associated Press, which will supply The Marion Star with its most complete beginning next Monday, avails itself of the telegraph and telephone lines of the commercial companies. It owns no wires, but it has under lease for its exclusive use some 150,000 miles of wires—enough to encircle the globe six times.

These are operated by more than 500 skilled telegraphers and more than a thousand automatic telegraph printing machines.

The wires go directly into the editorial rooms of newspapers, so that the copy immediately is available for publication. Many of the editors who prepare the copy in newspaper offices have the automatic machines alongside the news desk and shear off the copy as it comes in.

The automatic printers are interesting labor-saving devices, built somewhat like a typewriter. The operator at a distant point, by depressing a key, causes a corresponding type bar hundreds of miles away to register the required letters on a wide page of paper, at the rate of 60 words a minute. This, of course, has manifold advantages in speed and in making the copy easier to handle on the editor's desk.

The wires are divided into circuits. In each of the 48 states there is a separate circuit on which is transmitted not only the general news of the world, but that which is more of statewide interest.

The various state circuits are tied up by a system of trunk line wires which, emanating from New York, touch all of the states.

These trunk lines carry, in addition to the general news report, a complete market service, giving the complete transactions of the New York Stock Exchange, as well as the dealings on the principal grain and commodity trading centers.

Of the news and market reports handled daily on these trunk lines, the volume is astonishing. The automatic machines read out the copy at the rate of 90 words a minute and as much as 100,000 words is laid down at the large cities of the country.

BANKS AGAIN MAKE PROTEST PAYMENTS

Legality of Taxes on Capital Stock Remains To Be Decided

Marion national banks again paid personal property taxes on capital stock under protest. It was stated yesterday by County Treasurer Bert J. Shetton.

The banks have been protesting the payment of personal taxes on capital stock for about two years on the advice of the Ohio Bankers' Association. The banks will protest the payment pending outcome of a suit brought in the courts of Franklin county by three Columbus national banks, in which they hope to be relieved of the tax.

National banks object to payment of taxes on capital stock on the ground that building and loan associations escape such payments.

In the last tax collection all banks in Marion paid a total of \$11,831.46 into the county treasury in taxes.

WASHINGTON PESSIMISTIC OVER PARLEY

Administration Leaders Fear Critical Uprising in Congress May Embarrass

WITHHOLD MONEY PLEA

Delegation Is Reported Nearly "Broke"; Security Pact Angle Distasteful

BY GEORGE H. HOLMES
Marion Star Staff Writer

WASHINGTON, Feb. 21.—A distinct note of pessimism over the prospective accomplishment of the London naval conference has developed in Washington this week. It has grown to such proportions that administration leaders were somewhat worried today over the possibility that the situation may be given a critical airing in congress, which would be embarrassing for the administration as well as for the American delegates.

The enforced recess of the conference, due to the French ministerial upset, the now practical certainty that the conference cannot accomplish any material naval reduction, and the persistent demand of the French for a treaty of security, have combined to make congress exceedingly pessimistic concerning the whole project at London.

Delegation About "Broke"

It is because of fear of "biting things up" on Capitol Hill that the administration will refrain at this time from asking congress for additional appropriations for the American delegation, notwithstanding that the initial appropriation of \$200,000 is about exhausted, and the delegation is about "broke."

Notwithstanding efforts of administration leaders to withhold public discussion of the developments at London, various members of congress have begun to air opinions about them. Thus far they have been confined to off-the-floor utterances, but the subject is introduced into general debate, particularly senate debate, the one which administration leaders view with some trepidation.

Objectious to Senate

The critical attitude which many members of congress are now assuming toward the conference is not confined to the old freemasonry group, nor to the so-called "big navy" men, who might be expected to be critical. It cuts across party lines to the point where even Democrats of the Wisconsin school who have always leaned toward a little more commitment.

The persistent suggestions advanced at London for "putting teeth" in the Kellogg pact, as a means of persuading France to come down in her naval estimates, are particularly objectionable to the senate, and it seems reasonably certain that if the American delegates at London yield to any pressure of this sort it will cause a tremendous leap in the senate.

Even an old League of Nations leader, like Senator Swanson, Democrat of Virginia, served notice today that any treaty containing a security provision is in for rough sledding.

Marion Man Starts in School At 38 to Become Missionary

Milton Lashley, World War Veteran, Begins on "Three R's"

NOW IN SECOND PRIMER

Plans To Enter Mission Field in Africa After Acquiring Schooling

BY HALLIE HOUCK
Marion Star Staff Writer

THE THREE R's are just as much to him as the mastery of members of our most talked of younger generation, but to Milton Lashley, of 400 Baltimore st., familiarly known in Marion as "Milly," the Three R's mean everything.

There even mean life as a missionary in Africa, an ambition which he has dreamed of for years.

There were only two drawbacks to the realization of this ambition. Milton could not read or write. Now he is in the second primer at the Lincoln school building, and is beginning to write in a slow, unformed manner. Miss Elizabeth Dair is his teacher.

Everyone who knows Milly, knows that he speaks fluently and well, and that he has all the politeness and manners of a person born into the blue blood. The way in which he carries himself would make a general blunder, straight, chest out, and with dignity, he walks down the street.

Native of West Indies

Milly was born on Barbados Island, West Indies, Aug. 17, 1902, to Mr. and Mrs. Joseph Lashley. His mother, who was Rebecca Sage before she married, died when he was 10 years old.

With his mother, he attended regularly St. Luke's Chapel, of which the Rev. Mr. Taylor, from England, was minister.

He had seven brothers and four sisters, and to his knowledge they are now living in Barbados.

This ambitious man of the black race has led a life that covers two of the biggest events in world history, the building of the Panama canal and the World war.

In 1900, on Aug. 27, he left for the Canal zone, and arrived at Colon on Sept. 3, to stay five years. After five years, in which he had learned to read and write, he returned to Barbados.

He had learned to read and write, and he had learned to speak English. He had learned to speak English, and he had learned to speak English.

HANNAH TELLS NEW STORY AND ABSOLVES PAIR

"Man of Many Confessions" Now Clears Akronites in Horst Mystery

GRILLING CONTINUED

Officials Refuse To Divulge Any Further Revelations Made

BULLETIN

WOOSTER, Feb. 21.—Tony La Faria and Charles Treasko, were implicated in the murder of 4-year-old Melvin Horst, by the signed "confession" of Charles Hannah, were ordered released from the Wayne county jail here this afternoon.

Both men were arrested at Akron yesterday after Hannah had claimed he gave the body of the boy to La Faria for 25 gallons of liquor.

WOOSTER, Feb. 21.—Following another grilling to which Charles Hannah was subjected here today, the confessed slayer of young Melvin Horst gave Wayne county authorities another "confession," absolving Tony La Faria and Charles Treasko, from any participation in the brutal slaying of the Orrville boy.

Hannah reiterated his admission of slaying Melvin.

Officials immediately began, with renewed effort, to question the confessed boy killer regarding what position was taken of the first story.

In his confession today, Hannah declared he did not even know La Faria and Treasko, stating that part of his previous official statement, claiming La Faria and Treasko had planned the murder at Akron, was false.

Hannah told investigators that he alone was responsible for Melvin's death.

To Continue Grilling

The officials refused any further revelations when the 16-year-old killer may have made. They stated they would continue with an intensive grilling of Hannah until they were satisfied he had made a clean record of everything, and had divulged the true information as to what disposal was made of Melvin Horst's body.

Only minor charges, so far, have been entered in the case. Junior Hannah, 16-year-old son of Charles Hannah, told his different version of the disappearance of young Melvin, has been charged with delinquency. His father, who admitted "framing" the stories his son told, has been charged with contributing to his son's delinquency. Junior was ordered held in the county children's home.

Uncertain About Arnold

Hannah confessed that he told his son about the killing, and instructed him what to say in the event he should be questioned. He told him to place the blame for the killing upon Arthur Arnold, whom Hannah implicated in the arrangements which had been made for the contemplated slaying. In his confession, Hannah declared Arnold arrived at the scene after the boy had been brutally battered over the head.

Officials stated today they were uncertain what action, if any, will be taken against Arthur Arnold, who, when taken after the killing, was convicted on charges of child-slaying in connection with Melvin Horst's disappearance and stated serious intentions in regard to his future. He was later granted a new trial and was acquitted. Junior Hannah was the state's star witness at the trial of the Arnolds.

La Faria and Treasko both denied the accusations which Hannah made in his confession yesterday. La Faria, who was questioned by Wayne county officials here, admits that he was in Orrville the evening on which Hannah declared Melvin was beaten over the head with a two-by-four, and was placed in a wooden box, but he denies any knowledge of the slaying.

Treasko has not been brought to Wooster. He has been arrested by Akron police and is being held at the Akron police station. He is being held at the Akron police station.

Hannah declared in his confession yesterday that the plot to slay Melvin was made because the Arnolds held a grudge against the Horst family. Hannah stated that the Arnolds held a grudge against the Horst family.

Mrs. Fess Cochran was first honors in one of the contests and Mrs. Ida Eckels was second. Mrs. Brookbank was the guest of honor.

A two-course lunch was served by Mrs. Miller, assisted by Mrs. E. E. Crier and Mrs. Fess Cochran. Chaperones and those decorated the luncheon.

Prize Winner

"Larada suffered from constipation," says Mrs. Rose Temple, 5832 Pearl Road, Cleveland. "She was unwell and bilious; didn't have any appetite; couldn't digest her food."

"California Fig Syrup just changed all that. It regulated her bowels quickly; improved her appetite and digestion. She has improved right along until friends say she's a regular prize-winner for health."

Mother's by thousands praise California Fig Syrup. Physicians endorse it. Its rich, figy flavor appeals to children; its pure vegetable goodness is safe for any child. The prompt relief it brings biliousness, headache, constipated children, backache, because it helps tone and strengthen bowels and stomach. Next time bad breath, coated tongue or ferociousness warn of constipation; try it with your child and see how it helps!

When buying, look for the name California! That marks the genuine, famous for 50 years.—Adv.

"KONJOLA FIRST MEDICINE THAT BENEFITED ME"

Grateful Lady Pays Tribute to Master Medicine—Ended Severe Complications

MRS. MARY S. WHITACKER

"Konjola was the first medicine that benefited me, and I fully realize that it is, indeed, the master medicine of them all," says Mrs. Mary S. Whitacker, Box 54, Newtown, a short distance from Cincinnati. "My stomach was disordered. I failed to relish any food. I lost all energy and strength. My liver was torpid and sluggish, bringing on terrible dizzy spells. Then rheumatism developed in my joints and muscles. They were stiff and awful sore. In fact, I was merely existing, not living."

"I couldn't find a medicine to help me and, naturally, I had no faith in Konjola when it was recommended. But when something had to be done I decided to try it. What a surprise this medicine had in store for me! Konjola went right to work; reached the source of my ailments, drove out the poisons and regulated my organs. Rheumatic pains are gone, and I feel fine. Do you wonder that I praise Konjola?"

Konjola is sold in Marion at Stump & Sons' Pharmacy, and by all the best druggists in all towns throughout this entire section.—Adv.

Open Campaign Against Lake-Air Booze Trade

FREMONT, Feb. 21.—Charging the revelation that this section has been one of the terminals of an airplane run-running game, federal authorities today opened an extensive investigation into trans-lake air "booze" trade.

Sheriff Cal Shue uncovered the airplane smuggling conspiracy last Monday when he caught six alleged rum-runners in the act of transferring liquor from a monoplane to automobiles on the ice of Sandusky bay. Two of the alleged rum-runners were arrested. They are Owen Kane, 30, Lakewood, O., and Lonnie Henschert, 36, Port Clinton, O.

TO QUIZ FUGITIVE

CANTON, Feb. 21.—Leonard Cook, who is under arrest in California as a fugitive from the Mansfield reformatory, will be questioned upon his return to Ohio, in connection with the murder of Dr. C. C. Walker, prosecutor James M. Anzart declared today. Dr. Walker, prominent Alliance, O., physician, was shot to death in the driveway of his home Aug. 26, 1921. For nine years now, his death has been one of the unsolved murder mysteries of Stark county.

"After all is said and done—"

People, and especially young people are finding out that the excitement of the so-called "wild life" is beginning to lose its attraction. There is no place like home, after all.

However, if the home is not comfortably furnished; if it does not provide the proper environment—especially for the young folks—then the dance halls and night clubs and street corners will continue to be the meeting places.

It is really a serious proposition. A comfortably furnished home, (including a radio set), will more than satisfy old people, middle-aged people and young people.

TWO HIGH TEAMS PLAY OUT-OF-TOWN

HARDING WILL MEET DELAWARE QUINTET

St. Mary's Journeys to Sidney for Final Contest of Season

MARION'S High school cage team will join this weekend with a team from Sidney, Ohio, in a final contest of the season. The game will be held at the local gymnasium on Saturday night.

At Delaware, Harding's President will attempt to secure a defeat handed down by the college team five years ago. Delaware has a well-balanced team that was just too good for the Red and Black in the first encounter.

Tonight the story may be different. Coach Compton has made a final change in his lineup to insure that his players will hit a winning stride. He has considered the likely starting choices at the forward berth with Bob Bush at center, Clay and Kluge at guard, and Clay at guard.

There is a chance that Clay will not start and that Bob Smith will be worked into the lineup. The game will be held at the local gymnasium on Saturday night.

St. Mary's is winding up its regular schedule Saturday night at Sidney where it will meet the Holy Angel quintet. The Saints this year have given the local school one of its greatest cage records in history.

They have won 10 out of 11 starts. Saturday night the local Irish will be after an even dozen wins. The outcome of the contest may determine whether or not the locals will be given an invitation to the national Catholic tournament at Chicago late in March.

Sidney should not be expected to be a real hard team to crack. Last year, the Holy Angels were regular devils on the court but the school lost most of its stars by graduation.

Defiance College Quint Defeats Bowling Green

BOWLING GREEN, Feb. 21—Galloping along at the rate of 30 points in 10 minutes of play, Defiance routed through the Bowling Green quintet for a 25-to-24 victory here last night.

The Bowling Green engineers rallied and made it a fast game after the first 10 minutes. Defiance led at the half 10 to 10.

LAST NIGHT'S FIGHTS

At Newark—Lou Halpern, of New York, defeated Al DeMont, Newark lightweight (10).

Joe Moscone, 140-pounder of Orange, defeated Johnny Coudell, of Scranton (10).

Al McKersie, Pa.—Gene Marcell, Atlantic City welterweight, defeated Mickey Solman, Newcastle, Pa. (10).

BISHOPS WIND UP SEASON IN SECOND PLACE

SERGEANT—CENTER "SPONAMORE"—GUARD—COACH RAYMOND O. DETRICK

DELAWARE, Feb. 21—With their Buckeye schedule now completed with a record of six games won and two games lost, the Ohio Wesleyan basketball team is sure of second place in the conference and will have a tie with Cincinnati for first place should the Bearcats lose either to Ohio or Miami in their final games.

The Bishop squad this year has included Floyd Siegfried, Alliance, all-Buckeye center last year and also high individual point scorer in the conference. Siegfried scored 88 points in Buckeye competition on an average of 11 points per game this year. Siegfried is one of the greatest centers ever developed in Ohio intercollegiate basketball.

Another Bishop star is Francis Thomas, Jr., all-Buckeye guard last season. Eric Gandrup, Hockey River, forward, has been the outstanding sophomore player on the Ohio Wesleyan team this year and is one of the high scorers of the Buckeye conference, having a total of 77 points to his credit.

The Bishops will close their season in a non-conference game with Wittenberg here Saturday.

At New York—Sid Reister knocked out Chas. Nelson (10).

Al Vassallo, N. J.—Steve Hannan, Piquette heavyweight, knocked out Vincent Hopkins, New York (10).

Y-INDUS CONTEST IS ON SATURDAY'S CARD

Locals Will Meet Ann Arbor Cagesters on Y. M. C. A. Gym Court

The only major cage game scheduled on the home court this week featuring the Marion Y-Indus club and Ann Arbor, Mich., will be played on Saturday night on the Y. M. C. A. floor instead of Friday, as was previously announced.

The locals completed a hard week of practices last night for the Ann Arbor game. The Michigan quint is the only Y. M. C. A. aggregation to defeat the locals. College teams have victories in the remaining two set backs suffered by Marion in 20 starts this season.

Holding the Michigan state Y. M. C. A. title, Ann Arbor is rated the strongest team the locals have played this year. The former Harding court stars will be forced to extend themselves to win. The starting lineup of Marion will be Gibbs and Roush, forwards; Lockwood, center; Cream and Osterholt, guards.

Wilmington 5 Wins 18th Contest: Beats Antioch

WILMINGTON, Feb. 21—The Wilmington basketball team continued their winning streak, by downing the Antioch five here last night, 19 to 12. The victory was their eighteenth in 19 starts.

Harvard Polo Team Will Play Cleveland Tonight

CLEVELAND, Feb. 21—Introducing what is expected to be some of the best polo of the season here, Harvard and the Cleveland First Cavalry will cross mallets at Troop A armory tonight. Yale will meet the local outfit tomorrow night.

HEYDLER LOOKS FOR SIX-TEAM BATTLE IN NATIONAL LOOP

Believes League Has Obtained Good Balance in Player Strength

NEW YORK, Feb. 21—One and a half hard times may come knocking at the door but President John A. Heydler sees only a year of advancement and great year ahead for the National league, and, extending, for baseball in general. In fact, he foresees the impending league race as the greatest, financially, of them all and, competitively, as the best the last 10 years have known.

The last 10, it might be added, have seen few years that were superior in this respect. President Heydler vouchsafes his declarations in a statement issued through his headquarters today, reflecting upon several days ago and is continuing at the moment somewhere in the Carolinas.

As a prelude, he pointed out that baseball, regardless of the variety of its appeal, was essentially the poor man's game in its cost to the public and, therefore, was less susceptible to changing conditions in the business world than any other sport. "I am interested," said he in effect, "was the barometer by which it judged its future—not the whimsicalities of Wall Street."

"Every sign today points to an interest that is becoming beyond anything I have known in the long experience in the game," the statement declared. "I am especially glad to note the revived interest among younger colleges in the national game, for this interest will be reflected in the attendance not only at college games, but at professional games, as well. I have no hesitancy, in any case, in predicting our best season" of all time.

"As for the National league, I truly believe that it has attained its best balance in playing strength, from top to bottom, of the last 10 years. This, it may be said by way of amplification, is one of Heydler's statements that will show unimpaired. The National league may win the handless outsiders give me their second in recent world series, but there is no use arguing with the fact that it has assembled all of the ingredients of a baseball race."

"The American league, in the face that the Athletics completely stole the show last year, but quite certain whether it will now quite sponsoring a race or a rabbit hunt."

Heydler's league, as a matter of fact, has only one worry and that has to do with the out of play and whereby six players are to be listed on the roster, a simple matter when you know how.

It is so simple that men have tried it here before known to stay that way for the rest of their lives. Any now, the National league situation looks the part of a six-club race, the thing of which baseball men dream often but seldom see."

The Cubs, Pirates, Giants and Cardinals would seem to be logical first division outfits but the Phillies are on their way back at last and, when a young ball club begins to come, it sometimes forgets to sleep. The Phillies are no worse than a two to three shot to finish in the first round. "The Reds, inspired by the punch of Ritzman and Meusel, may come along with a flourish or they may stand still with a great team out, potentially, they are a real menace until proven otherwise. They may turn out to be the last of the six contenders or that dubious distinction may fall to Brooklyn, which recently displayed its presence of mind, by securing that its manager, and his vice president and moving spirit really ought to know each other better."

"The club now will show the even strength of a united house," was Heydler's comment on this phase of the situation. The Dodgers are not without possibilities as a contender, particularly the thing they will be without is infielders, unless Finn and Shide, the coast pair, show something beside a California tan.

Bobby Roscoe, Jack Gorman To Meet in Semi-Final Here

A PAIR of aces have been signed up by Promoter Bennie Griswold for his semi-final on the wrestling card to be presented at the Steam Shovel gym here Tuesday night.

Two fast going welterweights, Jack Gorman and Bobby Roscoe, will be in the 30-minute bout on the card. The big feature of the show will be the appearance of Phil Montana, rated as a movie star as well as the wild man of the mat. Montana will meet Clete Kaufman, a favorite with Marion fans in the main go bout.

The largest crowd of the season is expected to see the movie star perform. It will be a bout with no time limit. Two falls are necessary to win.

Society Goes for Boxing After Appearance of Phil

BY JAMES L. RUGGLES
PALM BEACH, Fla., Feb. 21—Boxing is all the rage in this fashionable community.

The topic of the hour among the social registers in Palm Beach today is the local appearance of Phil Scott, the British champion, who boxed seven rounds last evening for society in the palm-fringed patio of the exclusive Oasis club. My word, but Phil was ripping.

Some of the debutantes and dowagers are so enthusiastic about him they plan to put their money on the line for him when he fights Jack Sharkey in Miami next Thursday night. Phil boxed with three sparring partners in the patio arena, while society slipped "Pee" and not once did he show any indications of tiring. And several times he was struck on the hip.

Edward F. Hutton, multi-millionaire Wall Street broker and prominent local society, said today that the boys here, have taken quite a fancy to the back landing business, Hutton, who can box a bit himself, and Anthony Drexel Biddle, Jr., are the leading local lights in promoting boxing in Palm Beach. Harding a week ago by just a first-rate boxing show is not staged.

"We aim to have three big fights here a season," said Hutton. "The people here, like boxing. I suppose we'll go down to Miami on masse to see Scott box Sharkey."

Hutton said he is interested in several "good clean boys" because he thinks boxing is a fine sport. He turns over his good boxing prospects to W. C. Monaghan, veteran trainer of Jack Johnson, Jess Willard and other pugilistic champions.

Monaghan said that 14 Hutton's stable at present there are four very good scrappers. They are Roy Wallace of Indianapolis, fight heavyweight; Bill Daring, former heavyweight champion of the navy; Harry McGraw, of Savannah, Ga., junior lightweight, and Peter Mike, a welterweight.

Marion, Ohio.

Turning New Pages

WITH EDNA S. DUTTON

THE characters in Nathaniel Hawthorne's novel, "The Gilded Age," lead a gay life and poor Kirk, the godfather, would have none of it. He is a man of iron, for always he is the giver, and in the end there are those who will say he deserved what he got.

Nancy is his god-child and together they set out to celebrate her twenty-first birthday anniversary. Nancy's father had been his friend until he had married the grocer's daughter. Then he was killed in the war and Kirk saw very little of Nancy and her mother. On this particular morning he came to the little flat above the grocery store armed with oysters and pearls. Later he took Nancy to his club. Something of a fly in the ointment is Jim, the rising young mechanic who assumes that he possesses the fair Nancy but the author soon disposes of him by sending him to Manchuria, where he becomes a wealthy engineer.

Kirk and Nancy but like the others who wanted to exchange the new-fangled Kirk for the imperfect hand. One and all they wanted to change him. There was Madge, the doctor's daughter, who relied on him to make her brother out of mischief; there was Rose who relied on him to make her business go and who despite her crude vulgarity kept his friendship for over 20 years. Nancy married him.

NO TROUBLE AT ALL NOW

Kellogg's ALL-BRAN Has Benefited This Woman

Millions today are eating Kellogg's ALL-BRAN, guaranteed to relieve both temporary and recurring constipation.

The cause of constipation is the lack of roughage in food. Add sufficient roughage and constipation disappears. Kellogg's ALL-BRAN is nearly all roughage.

Here is a letter from Mrs. H. Gilbert, 107 E. Erie St., Avon, Ohio:

"I had a very serious operation in October and when I came from the hospital my main trouble was constipation. One day I said to the doctor, 'I am going to eat ALL-BRAN, and since I started I have no trouble what ever. So from now on I can't praise it enough and am always telling my friends what it did for me.'"

You will enjoy the nut-like flavor of this delicious, ready-to-eat cereal. It is rich in iron, and when eaten with milk or fruit juice, adds important vitamins to the diet.

Kellogg's ALL-BRAN is an essential in any reducing diet. It means every-day health to people all over the world. Your grocer has it in the red-and-green package. Served everywhere. Made by Kellogg in Battle Creek.

Convicts Escape in New Novel

A FLAG with the slogan "Now a woman's man" (we are your friends) was the only protection from escaping convicts that Blair Niles and her husband had when they traveled through the interior jungle of French Guiana. With the aid of a woman's man, they escaped the jungle trails and streams used by convicts escaping from the French prisons. Mrs. Niles describes these trails in her novel, "Free," a story of the ex-convicts, just published by Harcourt, Brace & Co.

Africa Is Setting for New Novel

CYNTHIA STOCKLEY, whose colorful stories about English colonial life on the African continent have done much to arouse the popularity of African travel, will be represented on Putnam's spring fiction list with a new novel, "Tagati," to be published Feb. 28. The story deals with the machinations of a jealous woman to rid herself of a girl who has brought a disturbance to her own admiring retinue. The scene is in Africa.

"A Lady of France"

Story of Court Life

THE romantic story of the lovely Louise de Lorraine, most intimate friend and attendant of Marie Antoinette, and of the brilliant court life of Louis XVI, is told by Grace Sistr in "A Lady of France." Louise de Lorraine-Carignan came to Paris from Italy as the girl-wife of the Prince de Lamballe and because of her beauty and charm became a favorite in Louis' court. Naturally she was intimately involved in the intrigues of court society and her years as Marie Antoinette's favorite attendant were both stormy and dramatic. The story of her faithfulness to her doomed queen is one of the

world's great stories of friendship and the fate of a beautiful woman at the hands of the Paris mob in a chapter of sublime tragedy.

"The Weatherhouse"

by Nan Shepherd

NAN SHEPHERD'S novel, "The Weatherhouse," is to be published in April by E. P. Dutton. The novel, unlike "The Quarry Wood," is not a direct story but a long story told in a household of people, isolated, aging women and of the wit and tragedy which come into their lives through a grandchild and a grandniece whose lives are their only representative of mankind and who through the whole odd process into relief. "The Weatherhouse" is constructed from two queer old cottages on the edge of her farm by Aunt Leah, the oldest of the women, a fascinating, mocking old woman, whose conversation consists in ancient ballads, quoted with apt, indirect malice. With her first her three elderly daughters, her grand-daughter and grandniece.

Anne Green Writes First Novel

"THE SELBYS" is the title of a new first novel by Anne Green, Julian Green's sister, scheduled for April publication by Dutton's. The Selbys, an American Southern family, have lived in Paris for years and their young niece descends upon them to be "brought out" in Paris society. Anne Green, of course, knows exactly what to do to make over a pretty provincial, American belle into a distinguished person of charm. Barbara, however, has some ideas of her own, and her unlooked-for adventures provide both drama and high comedy in the novel.

Ibanez Writes New Novel

"THE KNIGHT OF THE VIRGIN," by Vicente Ibanez, is a companion novel to his novel "Colombus." "The Knight of the Virgin," to be published in May by Dutton's, Ibanez tells the story of another Spanish "discoverer," Don Alonso de Ojeda, one of the most daring and picturesque conquerors of Central America. Columbus entered this novel as a half-savage old man who seems to understand very little of what he has accomplished. One critic voices the opinion that Americans who have covered Columbus with heroic glamour will find in this novel a slightly different figure than the "legendary" hero they have come to accept.

Short Story Writer on Spring List

LEONARD MERRICK is to be represented on the Dutton spring list with stories called "The Little Dog Laughed." Merrick is listed by some critics as the greatest short story writer in the English language in the last 50 years.

NEW THINGS OF INTEREST TO WOMEN

"My China Sparkles Like Jewels"

"my hands look like strangers to the dishpan"

A Simpler Way to Wash Dishes

SPARKLING glass and gleaming china are as much a mark of social knowledge as good manners.

To have them—impeccable and flawless—and, at the same time for the housewife to have carousing, white hands is a problem that has now been solved on an interesting, new way.

Use any kind of soap, soap powder or soap flakes, in washing

dishes. But add a teaspoon of CLIMALENE to the water. This enables you to use ONE-FOURTH the usual quantity of soap. For it softens the water instantly so that far less soap is needed.

Being a GREASE SOLVENT in itself, it DISSOLVES grease in-

stantly; and eliminates ALL FILM or scum from glassware. Makes it sparkle like jewels.

Containing superlative SKIN WHITENING and SKIN SOFTENING ingredients—used by scores of beauty specialists—it leaves the hands soft and lovely beyond words.

Women are flocking to it. It costs only a dime at grocers. Try it. Just ask for Climalene.

Music Trio Gives Second of School Concert Series

Program of Exceptional Quality Presented to Audience of Children and Visitors; Cellist, Violinist and Pianist Provide Entertainment

BY HALLIE HOGG

Marion Star Staff Writer
Cornelius van Vleet, cello, Charles Lichter, violinist, and Jean Haggart, pianist, presented an hour's concert of delightful music yesterday afternoon in Central Junior High school when they appeared as the second of the school concert series.

The question raised after hearing the good music offered in this series, and the attitude of the children toward it, is, "Is it worthwhile, the presentation of these well known musicians?"

The answer must be "Yes," even though that answer reaches perhaps a dozen of the school students who heard the concert. There were perhaps 200 children in the auditorium yesterday afternoon and of that number, probably a dozen really enjoyed the program and understood a little more clearly, the appeal that is known

over a lifetime who appreciate music of a high type.

Among the audience were teachers from the buildings from which the children came, and about six women interested in music as it is played by those who understand and love it.

The trio gave a concert of numbers that will linger always in the minds of those who heard it, as a pleasant entertainment. A favorite with lovers of music, "The Swan," by Saint-Saëns, played by Mr. van Vleet, seemed to stand out on the program of his solo numbers. It is a beautiful composition, and was beautifully played. Mr. van Vleet was at one time soloist with the Minneapolis Symphony and New York Philharmonic orchestras.

There was a great deal of resting in the long fingers of the violinist, as he played a group of four numbers: "Melodie," Gluck, "Fair Rosamund," Kreisler, "Monument Musical," Schubert, and "Perpetual Motion," Stravinsky. This young man was talented, and will undoubtedly go on and on with his music until he is recognized some day by the critics whose comment counts.

Although he gave no solos, Haggart, a very young man, almost a boy, accompanied the violinist and the cello with an understanding of the fine points of accompanying. The way in which his hands caressed the piano keys won the comment or many in the audience. The concert included five groups of well known selections.

The date for the third and last of the concert series was not announced.

PROSPECT SENIORS WILL GIVE PLAY

Announce Presentation of Three-Act Comedy Next Week

PROSPECT, Feb. 21—A three-act comedy, "The Optimist," will be given by the senior class at the high school auditorium, Wednesday night. The cast includes William Irwin, Helen Cox, Jack Middleton, John Siles, Evelyn Philbrick, Thomas Farrington, Carl Russell, Richard Herr, Mildred Evans, Dorothy McWhorter, Pauline Kyle, Robert Schriber, Larona Grigsby, Grace Osborne, Arthur Isler and Thelma Heizer.

Lamar Kyle is stage manager and Edward Thomas, electrician.

Present Program

The P. T. A. met at the school auditorium Wednesday night. During the business session Prof. E. E. Keller gave a report of the books purchased for the school library with money donated by the P. T. A. An exercise by the first grade on "Washington," and a talk on the Scholastic test by Dr. N. Siffert, were followed by a program, "The Gracie," by Mrs. E. A. Kimmel, Mrs. John Jones, Mrs. Alvin Emberton, Mrs. H. C. Seeriest, Mrs. J. Sites and Mrs. Albert Baker. The Founder's Day cake was cut and served by the seventh grade pupils. The banner was awarded the seventh and eighth grades. The committee appointed for next month includes Miss Mabel Pritchard, Mrs. Harry Mounts, Mrs. Elmer Gabel, Mrs. Edwin Powell and Mrs. D. E. Lauer.

Attends Meet

Miss Marion Herr, of Prospect, left Thursday night for Atlantic City, as

a delegate to the biennial convocation of Kappa Delta Phi, from Heidelberg college. Miss Herr will be gone 10 days and will visit Philadelphia and Washington. Miss Mary Wolf, a former resident of Prospect, also goes as a delegate from Ohio Wesleyan.

Progress Is Made with Subscriptions for School Annual

Subscriptions to the Quiver Annual, Harding High school yearbook publication, had reached about 600 students and alumni yesterday, the school announced.

The theme of this year's Quiver is known only to Miss Catherine Cheney, editor-in-chief, and several of her staff, and will not be announced before the paper is ready for sale. If the present speed in turning out material for the book is maintained, it should be on sale at an early date. All senior pictures, except those where grades for graduating are questionable, are at the engravers.

This year there will be more pictures in the Quiver than in former years because the sophomores and juniors have had individual pictures taken instead of the usual group pictures.

FIRE DOES SLIGHT DAMAGE

Slight damage was done when a bottle of inflammable cleaning fluid was spilled against a steam presser at the Pauldeck Theater building shortly after 12 o'clock yesterday. Companies No. 1 and 2 answered the call. The walls were discolored by the smoke, but no clothing was burned.

Man Bound Over on Auto Theft Charge

George Ferrell, one of two men charged with stealing an automobile belonging to Chester Cogrove, 503 North State st., was held to the grand jury under \$2,000 bond when he waived examination. In his preliminary hearing in municipal court yesterday.

Ferrell was brought from Ft. Pleasant, W. Va., early Sunday morning, where the stolen car had been wrecked, with M. E. Love, who is also being held to the grand jury on an auto stealing charge in connection with the theft of Cogrove's car.

"What Are You Going To Have for Saturday Special, Mr. Loukes?" asks the proud Tender customer.

**Something New!
Something Different!**

An innovation of the proud manager of Tender's Candyland.
It is the ideal food.

It is something that will satisfy the most delicate stomach and add satisfaction to taste. It is not a heavy meal, but it is scientifically arranged to balance the diet. A simple look on the dish will convince the most discriminating person of the superiority of this dish. We take a Pork Tenderloin, slice two slices of it, put some pure creamery butter on the grill, some more on the top of the steak, then double grill it electrically. In FIVE SECONDS it is ready. The whole operation is done so quickly that all of the juices are retained in the steak instead of getting burned out. A dish like that is bottled only to the best hotels in large cities. However, the management of TENDER'S will offer something like that at a special price, leaving it to the intelligent Marion folks to decide if it is as represented, and pass their opinion, with any criticisms if found, to the management, which will be greatly appreciated.

Here Goes the New Luncheon at a Price

Butter Grill Pork Tenderloin Steak
(Electrically grilled, instantly done)
Sliced Tomatoes with Thousand Island Dressing
and a Slice of Crispy Buttered Toast

All Goes for 25c Only

The above Luncheon is the original idea of Mr. Loukes.

"Suffering with Kidneys"

—Dennett Art Studio

Mrs. Frazie Picknell

DAYTON, OHIO.—Dr. Pierce's Anemic Tablets have helped me more than anything else I have ever tried. I was suffering with my kidneys and was unable to get around on account of lameness until I commenced to take the Anemic Tablets. I consider them the finest on the market for kidney trouble. — Mrs. Frazie Picknell, 17 N. Williamson St., Dayton, Ohio.

Consult Dr. Pierce's Clinic in Buffalo, N. Y., by mail, for free medical advice. Enclose the 1¢ you want a trial pkg. of Anemic. Send sample of urine for free analysis.—Adv.

Marion Woman Passes Away in Lima After Illness of Year

Mrs. Ellen R. Dufoss, 61, of 342 Chestnut st., died this morning at the home of her daughter, Mrs. Charles Haller, of Lima, where she was taken a month ago. She had been ill the past year and died of heart trouble and complications.

Mrs. Dufoss was born in Ireland in 1870 and came to Marion late in the seventies. Practically all of her life was lived here. Her husband, Owen Dufoss, died in 1921. She was a member of Catholic Ladies of Columbia, and of St. Mary's Catholic church.

Surviving are the following children: Edward P. Hegan, of Menomonee, Miss., a son by a former marriage; Mrs. Charles Haller, of Lima; Miss Leona Dufoss, of Detroit; and James Dufoss, at home.

Funeral services will be held some time Monday.

A Serbian villager of 103 this week celebrated the eighty-second anniversary of his first marriage by leading to the altar a neighbor woman of thirty. There's a gay young blade for you.

"Tale Men Urge Stimson To Abolish Battleships," reads a headline over a New Haven story. At that rate, Columbia university men will probably soon be urging him to turn our first-line fighting ships over to Great Britain.

A Chasman arrested by New York City detectives for violating the anti-policy law, was discharged by a magistrate when it was demonstrated that what the detective thought were policy tickets were Chinese New Year's cards he was distributing among his friends. Main Street is not guilty of all the boss-headed plays.

Before being shot and killed by a sheriff down at St. Cloud, Florida, a paroled convict shot a former fellow-convict and the sheriff. Scarcely a day passes that something doesn't occur to demonstrate the stupidity of the parole systems which permit the turning loose of vicious criminals upon society.

A few days since, a building slumped on one side by a church and on the other by a public school was wrecked by the explosion of a still being operated in it. A day or two ago, federal agents seized the \$20,000 equipment of a speakeasy in juxtaposition to a borough hall. Something of an index to the boldness with which the violators of the liquor law operate in Greater New York!

President Robert Isham Randolph, of the Association of Commerce, resents the bad name given Chicago, pointing out that it stands seventeenth among the cities of the nation in the number of homicides to the thousand population. He should blame the Chicago papers and not the outside world for the city's reputation, or at least that element of the press up there which has exploited crime by glorifying crime and criminals.

How Times Have Changed!

Figures compiled in the office of the secretary of state in Columbus show that there were 13,777 motor vehicles in Marion county in 1929, while the secretary of the local automobile club states is an increase of approximately 1,500 over the number of such vehicles owned and operated in the county the year before.

It was not so awfully long ago when an automobile was something of a curiosity. Many of us will recall the interest with which we regarded the first one operated here, and for some years thereafter automobiles were regarded as the playthings of the rich; as things unattainable to those of ordinary means. In fact we recall having heard one good citizen remark, back in the days when automobiles were few and far between locally, "Those are the things that make anarchists out of people."

Back in the early days of the motor car, the man of ordinary means who purchased one laid himself open to the suspicion that he was aping the rich, and it was not an uncommon view that he was rushing onward to his financial destruction. Viewed in retrospect, the matter is amusing, but it's a fact that the possession of a car in those days in no way augmented one's financial credit. As a matter of fact, unless he were a man of recognized financial stability, such ownership rather served to weaken his credit.

How times have changed! At the close of last year 13,777 motor vehicles were being operated in the county; enough to transport every man, woman and child making up its citizenship, and without crowding them at all! And today the luxury of the past, the plaything of the rich, of a few decades ago, is recognized not only as a commonplace thing, but also as something in the way of a necessity, as it is in many cases.

And there is another phase of the matter. When the number of motor vehicles operated in a county the size of ours is increased approximately 1,500 in one year, it may be taken as something in the way of an indication that there is more money about than some of the pessimistically inclined would have us believe, even taking into consideration the probable fact that many of them may have been purchased on the installment plan.

Deaths Above Thirty-Seven Increasing

Dr. Eugene Loman, M.D., medical director of the Life-Kathelon Institute, and a gathering of the members of the Ohio Association of Clubs in New York City, a night or two ago, that the death rates of Americans over thirty-seven years of age is increasing, while in other civilized countries the death rates at every period of life are improving. He declared that Americans are particularly afflicted from chronic ailments such as those which affect the heart, blood vessels and lungs, which, because they do not show in terms of disability or abnormalism from life occupations, he termed the "silent diseases." The death rate from such diseases among people beyond thirty-seven, he said, has been noticeably increased since 1929. Loss of vitality in the prime of life, he declared, is an outstanding feature of our vital statistics, the more marked because of the contrary conditions which are found elsewhere.

Thus it is that we of America are confronted by two problems, where the national of other lands must face but one—that of the premature breakdown and death of the human body characteristic of the people of all civilized lands. In addition to this problem common to all mankind, we of America must face the future in this country to show the improvement in this situation that is evident in other civilized countries.

"Those who believe that the life cycle of man is fixed by nature or by any other power must explain the increasing mortality," Dr. Loman said. "If it is fixed, why is it shuddering in this country? If it is fixed why is it extending in other countries?"

What is there in American civilization that is suppressing the vitality of those in later life? We can think of nothing except the great outstanding factor of stupendous industrial expansion and development. Is this shortened life cycle the price we must pay for our prosperity?

Possibly Dr. Loman, in holding the prosperity we have enjoyed during the last decade as a result of our mighty industrial expansion and development responsible for the increasing death among those beyond the age set out, means rather the results of that prosperity made manifest in the hurry-burry lives we are leading, the strain it inflicts upon us, the bright lights, the myriads of colors we are forced to endure, the feverish activities in pursuit of amusement and pleasure in which we engage. Perhaps he means all those, and they doubtless are material forces in bringing about the increased death rate, but the period mentioned by the doctor is very significant. He states that the change has been marked since 1929.

Is it not possible that the poison which Americans have taken into their systems during the last ten years under the delusion that they were drinking whiskey may be a contributing factor? Is it not even possible that it is the chief factor in bringing on those so-called "latent diseases" which have caused the increased death rate among men of thirty-seven and over?

Officially credited with killing eight bandits, although in reality he has killed eleven, a Chicago policeman has been promoted to a major. It begins to look as though Chicago is really becoming interested in wiping out the stain by which it has so long stood besmirched.

Indiana is said to be all worked up over the alleged discovery that the gravel used in the construction of a country road out there costs \$30 a ton, but it may be nothing more than a bit of blind publicity for another offering from the Hoosier Liberty bell.

A St. Louis stunt pilot this week accomplished the feat of making three complete outside loops with a passenger in his machine, but the story of his record-breaking exploit didn't attempt to explain what possible benefit accrued therefrom to the development of aviation.

The assessed value of Greater New York's realty for 1930 is \$18,533,957,192, an increase over that of 1929 of \$1,138,155,777. Almost enough taxes should be raised on the new valuation to satisfy even the most enthusiastic tax-eaters.

A Chicago woman seeks separate maintenance from her husband, who is of a thieving turn, charging in her petition that he treated her cruelly when she was unable to save gas by trying cars on ice as he had seen a magician do in a vaudeville show. Patrons of vaudeville shows should be made to undergo intelligence tests or magicians should be stopped from putting on acts liable to lead to marital discord.

Up to a late hour this afternoon, Senator Borah had not cited the removal of the soviet Russian warfare against religion and religionists as an additional reason why there should be speedy recognition of the bolshevik government by the United States.

During a night of wild disorder, a Pittsburgh policeman shot and killed a former taxi driver who tried to run him down. If Pittsburgh is unable to handle the taxi strike situation there, as it seems to be, it's a duty it owes itself to call to the state for aid. No city can afford to turn over the control of its streets to strikers and the element which takes advantage of strikes to commit crimes.

It's a bit hard to understand how Senator McPherson, of Tennessee, makes out that President Hoover is responsible for the failure of dry law enforcement, considering the fact that he has been on the job less than a year of the approximately ten years the prohibition amendment has been in operation. Of course partisan politics may explain it.

The seizure in a liquor raid of ten married couples and four other persons in attendance at a dinner in a Philadelphia hotel, Sunday, has aroused a demand for the dismissal of that city's director of public safety. Those seized are so indignant that it's not unfair to assume that the raiding party got the goods on them.

PLEAD NOT GUILTY

William S. Vare, Pennsylvania Republican leader, has been conferring with prominent party members at St. Louis, Mo. So far as could be learned Mr. Vare has given no intimation as to whether he will reconsider his decision to run again for Senator. Neither has there been any word regarding his choice for governor of Pennsylvania.

Three Arraigned on Manslaughter Charges in Fatal Bus Accident

EATON, Feb. 21—Three men, including two officials of the Traffic Management Co., today had entered pleas of not guilty to charges of manslaughter which had been placed against them following the death of two persons in a bus crash near West Alexandria Jan. 2.

The men are William Spratt, 27, of Indianapolis, Ind., driver of the bus, and O. F. C. and L. P. Roberts, both of Cincinnati, president and general manager, respectively, of the company.

The three men were arraigned before Judge A. C. Hildner here and were released under bond of \$1,500 on each of two charges of manslaughter.

Historic Irish Love Story Forms Basis of Portrayal Arranged for WJZ Net

Robert Emmett and Sweetheart Leading Characters in Radio Drama

HOW very real for national freedom tragically intruded into one of the most touching love stories in Irish history will be dramatized in the "Historic Irish Love Story" which the National Broadcasting Company will send to listeners over the WJZ network at 8:15 o'clock Friday night.

Robert Emmett, Irish rebel, and his sweetheart, Sarah Curran, are the principals in the sketch. A brilliant student, Emmett left the University of Dublin in protest against political injustice toward students, and sought refuge in France with Napoleon. Commander of French and, he returned to Ireland in 1802, hoping to free his people.

After a daring attempt to capture Dublin Castle had been foiled by treachery in the Irish ranks, Emmett fled to the mountains with British troops in hot pursuit. In deep hiding, Emmett continued to work toward national freedom, rejecting all the while to escape to America until she could flee with him. Meanwhile, he was betrayed by a trusted friend, soldiers broke into Sarah Curran's house, and from that moment their love story mounted swiftly to its tragic finale.

THE Marry-Go-Round

BY HELEN ROWLAND

A HUSBAND used to be a necessity or an achievement—something to brag about. But, nowadays, he is just something that a girl has to explain—or apologize for.

When Mother got married, everybody said, "Thank Heaven!" and came around to congratulate her.

But now, when a girl marries, everybody says, "For Heaven's sake!" and comes around to find out why she did it.

The truth is that, around the house, a husband is still as necessary as a clock, as impressive as a doorplate, and as comfortable as a chaise-louche. But, nobody stays "around the house" any more!

And, at parties, a husband cramps your style and crimps your game. He seems to have no more place at a party than a pair of goloshes or a New England conscience.

Just as you are feeling right "in the picture," he trips your ace or vanities with some "big, wholesome truth," such as that your lip-gloss is on crooked, or your back needs powdering.

Just as you are running along on all cylinders, he tells the man you have been expecting that you'll have to go home, now, on account of your situation, or because the baby may wake up—and your engine goes dead!

Besides, a husband at a party is as much responsibility as an expensive umbrella. You've got to drag him around on your arm all evening; because the moment you park him, anywhere, some other woman is apt to pick him up and walk off with him.

At parties, there appear to be only two kinds of husbands. The kind that you have to drag there—and the kind that you have to drag home!

The kind that pays no much attention to other women—and makes you curious; and the kind that gets furious, because other men pay too much attention to you.

The kind that is always getting in the way—and the kind that is always

partying with a crowd of goloshes or a New England conscience.

Just as you are feeling right "in the picture," he trips your ace or vanities with some "big, wholesome truth," such as that your lip-gloss is on crooked, or your back needs powdering.

SMELTZER FACING TWO CHARGES HERE

Was Held at Delaware Accused in Forgery and Auto Theft

Smeltzer, 25, who is being held here on two charges, is a native of Delaware. He was arrested by Sheriff Fred Warner, who questioned him yesterday.

Smeltzer was arrested here and taken to Delaware to answer a forgery charge. Later it was discovered that he had forged a check payable to the Richmond Bros. store on South Main St., Williams says.

Deputy Williams questioned Smeltzer and learned that the Essex Motor Co. had been driving a car from Warren last November. After reports, Williams claims the license plates on the machine were stolen from a local car.

Local officials were unable to say whether Smeltzer would be returned for prosecution. It is considered that Delaware county officials will attempt to prosecute him there on a forgery charge.

SHERIFF NABS CAR AND LIQUOR CARGO

Morrow County Officer Gives Chase; Driver Abandons Machine

MT. GILEAD, Feb. 21—A new car and 100 gallons of corn whiskey were confiscated by Sheriff Miller when the driver abandoned the car and its contents after a chase on route 21 east of Mt. Gilead, Thursday morning about 12 o'clock.

While in Williamsport the sheriff's car was going through at a high rate of speed and "suspect" of the contents of the car he gave chase. The sheriff forced the other car to a speed of 10 miles per hour and after reaching the corner, three miles east of Mt. Gilead, the driver ditched the car and escaped into the woods.

The car was practically new and was not much damaged when ditched. It was filled with extra heavy springs and carrying the heavy load of whiskey.

Police Drive for Use of Two Headlights Continuing Here

Vigilance of the police during the last week in riding the city of drivers of "one eye" automobiles was responsible for names of 20 motorists appearing on the traffic court docket as the Friday session of that court opened this morning.

Nine other persons neglected to observe other provisions of the traffic code, and were in for charges of improper parking, one for operating his car with an exhaust valve blowing. Eight motorists have been charged for their offenses, and several others have been ordered to repair their lights and to return and receive 30 ball tires deposited when given "tickets" last week.

LOCAL CAPITAL FINANCES VENTURE

Drillers Strike Clinton Sand on West Farm at Less Than 1,000 Feet

ASHLEY, Feb. 21—Residents of this village and the vicinity are rejoicing over what is believed to be the discovery of a profitable oil vein in the territory, following the striking of oil on the farm of Christopher Weiser, one mile north of here yesterday afternoon. It is probable the well will be shot early next week.

The well, which is the second to be drilled in the vicinity of the Weiser farm within the last few months, is located one-half mile northwest of the first one, which was closed up after failing to find oil at a depth of 1100 feet. The force of workmen, of which Frank Nelson, of Lima, is foreman, struck Clinton sand at a depth of less than 1400 feet, it is stated. A test of the oil shows it to be of a very high grade.

The work is being financed by a company made up of residents of Ashley and the vicinity.

The charge was preferred by Charles Welch, who claims that McCallan attempted to defraud Mrs. Mary Wine of \$35 in overdue room rent.

WIN TILTS

Beria Cagers, Cop Double Header With Chatterville

BERIA, Feb. 21—Beria high school basketball team took a local high school here Wednesday night. The girls won the preliminary game by a score of 19 to 10. Louise Rinehart, star forward, who was injured last Friday night in the game with Johnstown was out of the lineup. It is quite likely that she will be unable to play in the county tournament. Last year she was chosen one of the all-star forwards at the tournament.

The boys' game was fast and exciting. Unlike the majority of last games on a small court, this game was not rough. Both teams displayed good sportsmanship and played real basketball.
